

🌟 WELCOME TO (সহজ সরল সিম্পল) ASSIGNMENT-002 😎

 Deadline For 60 marks: 20th January, 2026 (11:59 pm 🕒)

 Deadline For 50 marks: 21th January, 2026 (11:59 pm 🕒)

 Deadline For 30 marks: Any time after 21th January.

TechWave - Podcast Website

❓ Common Questions & Answers

****Can I use different images?****

- Yes, you may use any relevant images.

****Can I change the alignment and design freely?****

- No. You must follow the alignment and layout shown in the Figma design.

****Can I change colors?****

- Yes, as long as the colors are relevant and visually consistent.

****Do I need to make the page pixel-perfect?****

- No. You can use your own margin and padding while following the overall structure from Figma.

📌 Assignment Requirements

✅ Main Requirements (50 Marks)

Navbar

- ****Desktop/Laptop/Large Device:****

- Logo on the Left
- Menu Items in the Center (like Figma design)
- Gradient Button on the Right

- ****Mobile Device:****

- Hidden nav items with hamburger menu icon
- Fully responsive navigation

Banner Section

- **Desktop/Laptop/Large Device:**
 - Background Image
 - Center-aligned podcast circle view with visual effects
 - Relevant heading and descriptive text at center
 - Two call-to-action buttons below the text
- **Mobile Device:**
 - Mobile responsive layout matching Figma design

About Section

- **Desktop/Laptop/Large Device:**
 - Heading with descriptive text at the top
 - 4 statistics items displayed in a row with proper styling
- **Mobile Device:**
 - 4 statistics items responsive layout (2x2 grid stacked on mobile)

Why Choose Section

- **Desktop/Laptop/Large Device:**
 - 5 feature cards layout matching Figma design
 - Each card contains: icon, title, and description
- **Mobile Device:**
 - Fully responsive card layout
 - Single column layout on mobile devices

Featured Episodes Section

- **Desktop/Laptop/Large Device:**
 - 3 featured episode cards layout
 - Each card includes: title, description, and duration
 - YouTube video links embedded in cards
- **Mobile Device:**
 - Responsive card layout for mobile devices

Footer Section

- **Desktop/Laptop/Large Device:**
 - Center-aligned layout with brand and platform information
 - Copyright information with horizontal line separator
- **Mobile Device:**
 - Responsive footer layout maintaining readability

🚀 CHALLENGES (10 Marks)

Host Section

- ****Desktop/Laptop/Large Device:****
 - Image on the left with host name, biography, and social media icons
 - Professional layout with proper alignment
- ****Mobile Device:****
 - Responsive layout with stacked design for mobile view

Additional Challenges

- Implement smooth animations on any buttons or sections for enhanced user experience
- Minimum 5 commits on GitHub with meaningful commit messages
- No Lorem Ipsum content - use relevant, meaningful text
- "New" badge in the podcast circle view positioned exactly as per Figma design

Responsive Breakpoints

- ****Small device:**** up to 576 px
- ****Medium Device:**** 576px to 992 px (Optional)
- ****Large Device:**** above 992 px

🛠️ Tech Stack

- HTML5
- CSS3/Tailwind CSS
- No JavaScript

✅ Submission Checklist

- Figma layout followed correctly
- Proper alignment and spacing
- Clean and readable HTML & CSS
- Each Section are responsive with proper breakpoints
- Live site deployed
- Public GitHub repository

📁 Submission Format

- ****GitHub Repository Link****
- ****Live Website Link (GitHub Pages)****
